Interactive Projects

Dandelion Wishes — MediaPipe Web Experience

2026 · live

INTERACTIVE ART · MEDIAPIPE · SELF-INITIATED · NIANIAXJ.GITHUB.IO/DANDELION-WISHES ↗

A dandelion that grows when you move your hand and blows away when you make an O with your mouth. Hand tracking + face mesh in a single HTML file. No frameworks.

Lavender's Run — Browser Game

2026 · live

GAME DESIGN · INTERACTIVE · SELF-INITIATED · NIANIAXJ.GITHUB.IO/LAVENDER-RUNS ↗

A Pac-Man riff about burnout. The collectibles are unread emails. The start button says submit resignation. Concept, copy, code, and character: all original.

Gumball Affirmation Machine

2026 · live

INTERACTIVE WEB · REWARD MECHANIC · SELF-INITIATED · NIANIAXJ.GITHUB.IO/GUMBALL-AFFIRMATIONS ↗

What if a reward mechanic gave people something they actually needed? Drop a coin, get an affirmation. Built on childhood memory and a genuine design question.
